Learn more about the offer and access the full Terms & Conditions at www.microsoftincentives.com/cloudeasy

How does it work?

- Review the list of qualifying Online Services at <https://www.microsoftincentives.com/cloudeasy>
- Purchase qualifying Online Services between July 1, 2012 and September 30, 2012.
- Redeem your purchase within 30 days of the purchase date at <http://www.microsoftincentives.com/cloudeasy>.
- Spend your subsidy check made payable to the Microsoft partner of your choice within 90 days of the issue date.

Act before September 30, 2012 – contact your Microsoft partner today, or go to <http://pinpoint.microsoft.com> to locate your nearest Microsoft reseller.

Get the comprehensive IT Online solutions you need now, and earn dollars towards deployment or future purchases!

For every qualifying Online Service(s) you purchase between July 1, 2012 and September 30, 2012, you can earn partner subsidy funds to be redeemed with a Microsoft Reseller Partner of your choice. Meaning you can build the solutions today to meet your unique business and end-user needs moving forward.

How does The Cloud Easy Offer help my business?

A comprehensive solution can seem out of reach for most small to mid-sized organizations. Most are accustomed to purchasing products and solutions piecemeal, and postponing planned upgrades or refreshes due to budget constraints. With the Cloud Easy Offer, you can earn partner subsidy funds, which can be used for additional purchases of Microsoft software, Online Services subscriptions or associated services from your Microsoft Reseller Partner – a welcome injection to your IT budget. Microsoft's Cloud Easy Offer includes cloud services, which help businesses to access scalable and reliable applications while lessening the burden of provisioning and maintenance – saving money and simplifying IT management.

What is a subsidy?

A subsidy is a check made payable to the Microsoft partner of your choice. This subsidy can be used to enrich and implement your overall solution as it allows you to purchase additional Microsoft software, Online Services subscriptions, or associated services from your eligible Microsoft Reseller Partner. The partner subsidy helps provide organizations with an affordable software version upgrade or solution adoption path – so your organization can realize the enhanced productivity, security and network performance benefits of the latest software solutions.

2012. Qualified Organizations must successfully register their purchase(s) at <http://www.microsoftincentives.com/cloudeasy> by 5:00pm PDT within thirty (30) days of purchase date to receive the partner subsidy funds. For full terms and conditions please, visit <http://www.microsoftincentives.com/cloudeasy/terms.aspx>. © 2012 Microsoft Corporation. All rights reserved.

* Offer open to qualifying U.S. commercial and government organizations participating in eligible licensing programs. Partner subsidy funds will be awarded for qualified purchases between July 1 2012 and September 30,

Microsoft®
